Costumes and Shoes!

We are so excited about our theme for this year! We are making every effort to provide theme dance costumes at little or no cost to you. Watch for more information from your dancer's teacher.

Now is the time to make sure your traditional costume and dance shoes fit for our summer performances! Please let us know right away if you are missing accessories (capas, socks headbands etc). We will only be able to order replacements through the end of May. Dancers are expected to provide their own shoes for all classes and performances. Please do not rely on teachers to provided shoes for performances.

**We Love
Our
Dancers!**

Please check your invoices and make plans to bring any overdue balances current before the end of June. ADC counts on these funds to cover our ongoing expenses over the summer months. If you need to make payment arrangements, please call or email Pam: adcirishdancers@gmail.com or 801-604-5531 Thanks!

Dancers- We Need Your Help!

As the dance year moves along, we all tend to get a little relaxed. However, we want our dancers to learn as much as possible! Please ensure that your dancer is following these guidelines:

- Come to class! You can't learn if you're not there!
- Be ready to dance. Come a few minutes early to get your shoes on and catch up with friends. When it's time for class to start, be ready to get to work.
- Be respectful of your teacher and other dancers. Dancers (and parents) get frustrated when distractions take away from their dance time. Please leave outside distractions at the door, listen carefully, follow directions and DANCE! That's what we're all here for!

Please review these expectations with your dancer and encourage them to follow them. This will help everyone at ADC to have a great experience. Thanks!
